<b>Motion Summary</b>	<p><i>Reinstatement of Helpzones, Libraries, Direct IT-Support and other student support services to Park as the current arrangement has been detrimental to students trying to access help and support.</i></p> <p><i>Moving these services makes no sense, and The Students Union have seen students suffer as they are unable to get immediate help on campus. The Students Union also believe that the Uni is wasting money on student study-areas while the current ones are underused. As most students prefer to study at home or in their rooms, there are no incentives to have study groups on campus. The Students Union believe that this is a waste of resources that could be put to better use in improving facilities.</i></p>
<b>Union Notes</b>	<p><i>The demonstratable facts are as presented:</i></p> <ol style="list-style-type: none"> <li><i>1. Students of the Uni, have no immediate access to support on campus when needed.</i></li> <li><i>2. Students must use their own money and time to travel from Park to Francis Close Hall and back.</i></li> <li><i>3. Current student study spaces are not being used regularly enough to justify the installation of more spaces.</i></li> </ol>
<b>Union Believes</b>	<p><i>The facts that I believe to be true:</i></p> <ol style="list-style-type: none"> <li><i>1. That the current and implemented arrangement is having a detrimental effect on students' wellbeing and education.</i></li> <li><i>2. That students are suffering in silence without contact support, because they feel they do not have the money, time or ability to commute across Cheltenham in order to access the facilities needed.</i></li> <li><i>3. Some of the spaces that were used as help zone or library are now sitting empty and those who are converted to study spaces are</i></li> </ol>

	<i>barely used.</i>
<b>Union Resolves</b>	<p><i>I would like for the Union to take the following actions to resolve the matter:</i></p> <ol style="list-style-type: none"> <li><i>1. Reopen the Help Zone at Park.</i></li> <li><i>2. Reinstate the Library and Direct IT Support.</i></li> <li><i>3. Find ways to encourage the use of existing study spaces.</i></li> </ol>
