What are TeamGlos Points?

TeamGlos Points is a recognition system for all sports clubs and societies. By getting involved in different areas of student life, such as social media, SU engagement, democracy, events, and fundraising. The more points you gain, the higher your award level: Bronze, Silver, or Gold.

Sports clubs and societies have 3 shared categories to earn points in:

Marketing and Social Media

SU Comms and Engagement

Democracy and Student Voice

As well as their individual category with more specific activities.

Sports Clubs

Societies

Important notes:

- Being the first to Gold does not mean you automatically win Club or Society of the Year. These awards are judged separately at the end of the year.
- The Activities and communities team & Officers may also offer out points for additional activities across the year.

How do we collect points?

Points are collected in two ways:

By form - you submit evidence of your activities to be approved by the team.

Automatically - some activities are logged automatically, as this is data we keep track of already.

Points will be updated on the website at the end of every month, and the leaderboard will be shared on socials.

Each activity can gain you points at different frequencies throughout the year.

How do I fill out a form?

The TeamGlos Points Form is available on the committee resource hub and TeamGlos points website. Make sure to include evidence, or your form may be dismissed!

Sports Clubs: 650
Societies: 400

Sports Clubs: 500
Societies: 300

Sports Clubs: 350
Societies: 200
